

Sedibelo Kgabo
Mining

Sedibelo Kgabo Mining (SKM) is an African global mining services company that specialises in drilling, blasting and smart solutions

SKM is a subsidiary of Sedibelo Holdings

A photograph of a mining site. In the foreground, two workers wearing blue high-visibility work clothes and white hard hats with a red cross symbol stand with their backs to the camera, looking towards the background. In the background, a large red and white tracked drilling rig is visible, with the name 'Sedibelo Kgabo Mining' and 'LEOPARD' on its side. A white SUV is parked nearby. The scene is set in a dry, open landscape under a clear blue sky. A large yellow circular graphic element is overlaid on the left side of the image.

A 100% BLACK-OWNED MINING SERVICES COMPANY

A Proudly South African company, SKM's innovative approach to mining is tearing up conventional wisdom on broad-based empowerment in technical and capital-intensive sectors of the mining

Sedibelo Kgabo Mining (SKM) is a 100% black-owned mining services company offering opencast production hole drilling and blasting services to the mining industry.

Founded by Tshiamo and Kgolagano "Khuli" Matshego in February 2021, SKM has revolutionised South Africa's mining industry since being awarded a production drilling contract for the East Pit of Pilanesberg Platinum Mines (PPM) in the Bushveld Complex, 207km west of Johannesburg, in June 2021.

In less than two years, SKM metamorphosed from 0 to 500 000 progressive production blast hole metres drilled to become the leading drilling service provider at Pilanesberg Platinum Mine (PPM) by modernising production drilling using technology, real-time production monitoring and safe operation.

In so doing, SKM created over 100 sustainable jobs, 75% of which is drawn from the local community and 25% of whom are female employees.

SKM is committed to providing customers with people and equipment capable of delivering high-productivity at a competitive cost by recruiting the best-qualified operators and mechanics in the market and acquiring best-in-class technology.

**SKM IS CREATING
A BLUEPRINT FOR
HOW THE MINING
INDUSTRY CAN
TRANSFORM FOR
THE BENEFIT OF ALL
SOUTH AFRICANS**

OUR VISION

To be a world-class African
global mining services
partner of choice

OUR MISSION

We provide quality drilling,
blasting and smart mining
solutions to our partners

OUR VALUES

SAFETY

TRUST

INNOVATION

EXCELLENCE

PROFESSIONALISM

RELATIONSHIPS

ACCOUNTABILITY

SUSTAINABILITY

ENVIRONMENTAL

Our machinery is state of the art, with the lowest gas emissions for its application and the highest energy efficient ratings. SKM carefully monitors and limit our emissions in order to mitigate our impact on the environment.

SOCIAL EMPLOYEES

SKM prioritises training and development for all employees, with a particular emphasis on recruiting and training women into operational functions.

IMPACT ON COMMUNITY

JOB CREATION

SKM has created over 100 jobs, 75% in the local community. The Company is an active participant in local employment forums that were created to bring jobseekers and local companies together.

ENTERPRISE DEVELOPMENT

SKM supports two local soccer teams. In line with our entrepreneurial spirit, SKM has developed a young entrepreneur who is now handling our employee transport. From starting out with one Kombi he now runs a fleet of 4.

CORPORATE SOCIAL RESPONSIBILITY

SKM is led by a small, highly-skilled management team with over 82 years of experience in business and the mining industry.

SKM has been a registered and compliant taxpayer since establishment in February 2021.

SKM supports empowerment through the appointment of professional black-owned firms for its audit, legal and corporate secretarial services.

The company recently successfully completed its first audit.

The Company has raised funding from the Industrial Development Corporation of South Africa, and to date has passed all their reviews and compliance audits with flying colours.

OPENCAST PRODUCTION HOLE DRILLING AND BLASTING SERVICES

SKM provides down-the-hole drilling of blastholes in open pit operations. SKM has the equipment and personnel to drill in both hard (platinum, manganese, iron ore) and soft rock (coal) operations.

Our production teams are supported by an engineering team comprising engineers, technicians and artisans with proven experience in maintaining and repairing the leading equipment brands.

We also enjoy comprehensive aftersales support from Sandvik, our primary equipment supplier.

SKM = Superior Knowledge-driven Mining

SKM = broad-based mining empowerment at its finest!

**AN IMPECCABLE
SAFETY RECORD**

ZERO harm
since the
start of our
operations

SAFETY AND COMPLIANCE

SKM takes pride in an impeccable safety record. Our operations are fully aligned with the Mine Health and Safety Act (MHSA) and client-specific safety protocols.

We consistently achieve:

Zero Lost Time Injuries (LTI)

100% Compliance on Safety Audits

Daily PTOs and Routine Safety Drills

Certifications and standards adhered to:

MHSA Compliance

OEM Maintenance Intervals and Guidelines

LEADERSHIP

Our skilled team comprises certified supervisors, experienced drill rig operators, field technicians, and HSE professionals. Each project is overseen by an appointed 2.6.1 manager in compliance with regulatory requirements.

Managing Director
Kgolagano "Khuli" Matshego

A serial entrepreneur, with 14 years' experience, Khuli has started ventures in coal production, rough diamond trading, marketing, shipping & logistics (energy & mineral products).

He holds a Bachelor in Business Science Economics (Hons) degree from UCT, a diploma in Import and Export Management from the Johannesburg Chamber of Commerce and a Foundation Diploma in Port Agency from the Institute of Chartered Ship Brokers in the UK.

He is responsible for the strategy and management of SKM and delivering on the company's vision.

HR Manager
Abram "Abbey" Mosela

Abbey is an experienced human resources manager, having supervised and managed personnel in mining and mining-related companies for over 15 years. He is responsible for ensuring that all staff are effectively employed, adequately-trained and their performance is evaluated. and delivering on the company's vision.

Operations Manager
Jacques "JJ" Joubert

JJ has 12 years' production management experience in the mining industry, including surface and open-cast mining. He is an effective manager of people and has a sound knowledge of the disciplinary codes. JJ completed a management leadership development course through Wits University and has sound knowledge and experience of Department of Mineral Resources and Energy (DMRE) requirements. Before joining SKM, he was the Production Manager and acting Mine Manager at Tharisa Minerals. JJ has experience in mining Chrome, Platinum, Nickel and Limestone. He is responsible for production and engineering.

Finance Manager
Kgabo Setati

Kgabo holds a Bachelor of Commerce in Accounting degree from the University of Venda. She has over 13 years' experience in accounting and finance and demonstrated experience in producing routine and ad hoc reports as well as pro forma analyses for planning units. Kgabo, a full SAIPA member, is recognised for establishing financial policies along with identifying cost reduction opportunities.

TECHNOLOGY & INNOVATION

WITH AUTOMATED SAFETY PROCEDURES

SKM integrates the SediLINK mining software system into its operations, enhancing safety, compliance, and productivity.

Features include

- Digital Pre-Use Inspections
- Planned Task Observation (PTO) Management
- Equipment Maintenance Scheduling & Alerts
- Full alignment with MSHA compliance standards
- SediLINK ensures a data-driven approach to decision-making, ensuring early identification of trends and proactive risk management.

BLAZING A TRAIL IN MINING

2025

JUN ZERO Harm record continues progressive

SEP Successful completion of Iron ore drilling trial

APR Second drilling contract awarded

2024

AUG 23 Achieved 724 LTI and MTC free days

JUN 23 Progressive production meters drilled 500000

MAY 23 Achieved 600 LTI and MTC free days

MAR 23 Progressive production meters drilled 258645

FEB 23 Completed training of 6 new local drill rig operators

01 First female Di650i drill rig operator in South Africa

2023

DEC 22 Achieved 353628 drilling meters

OCT 01 Achieved 64400m drilling record

SEP 22 Achieved 365 LTI and MTC free days

AUG 22 Commissioning of 3 additional new Sandvik Leopard Di650i drill rigs

JUN 22 Progressive production meters drilled 147767

01 100 Employees signed on at SKM | Training of 6 new local drill operators completed

FEB 01 Rigs moved to East pit

2022

DEC 01 Delivery of first 3 rigs
21 SKM Drills its first drill hole

JUN 01 Contract Award

FEB 21 Incorporation of SKM

2021
